CITY CLERK'S OFFICE  
**LETTER TO COMMISSION**

TO: Mayor Philip Levine and Members of the City Commission 070-2015

FROM: Jimmy Morales, City Manager

DATE: February 12, 2014

SUBJECT: **FLORIDA DEPARTMENT OF TRANSPORTATION (FDOT), FM 249911 ALTON ROAD - UPCOMING CLOSURE OF NORTHBOUND ALTON ROAD FROM 5TH TO 6TH STREETS, AND WEST AVENUE AT 14<sup>TH</sup> STREET**

The purpose of this Letter to Commission is to provide Florida Department of Transportation (FDOT) construction project notification of the upcoming full closure of northbound Alton Road from 5th Street to 6th Street, including 6th Street from Alton Road to the first alley way to the east (see attached MOT and detour plan). This work is expected to begin on or about February 23, 2015 and continue through March 20, 2015. Work to be performed includes full roadway reconstruction, drainage, asphalt, concrete and utilities. FDOT will continue to provide information pertinent to lane closures if changes are required.

Additionally, there will be a full closure of the intersection of West Avenue and 14th Street (see attached detour plan) in order to perform the drainage installation across West Avenue for the pump station located at 14<sup>th</sup> Street and the bay. This work is expected to begin on or about February 23, 2015 and continue for up to 2 weeks. A full closure will be required due to the amount of work needed to be performed and the depth of the excavation. Pedestrian traffic will be maintained whenever safely possible. FDOT will continue to provide information on this project as well.

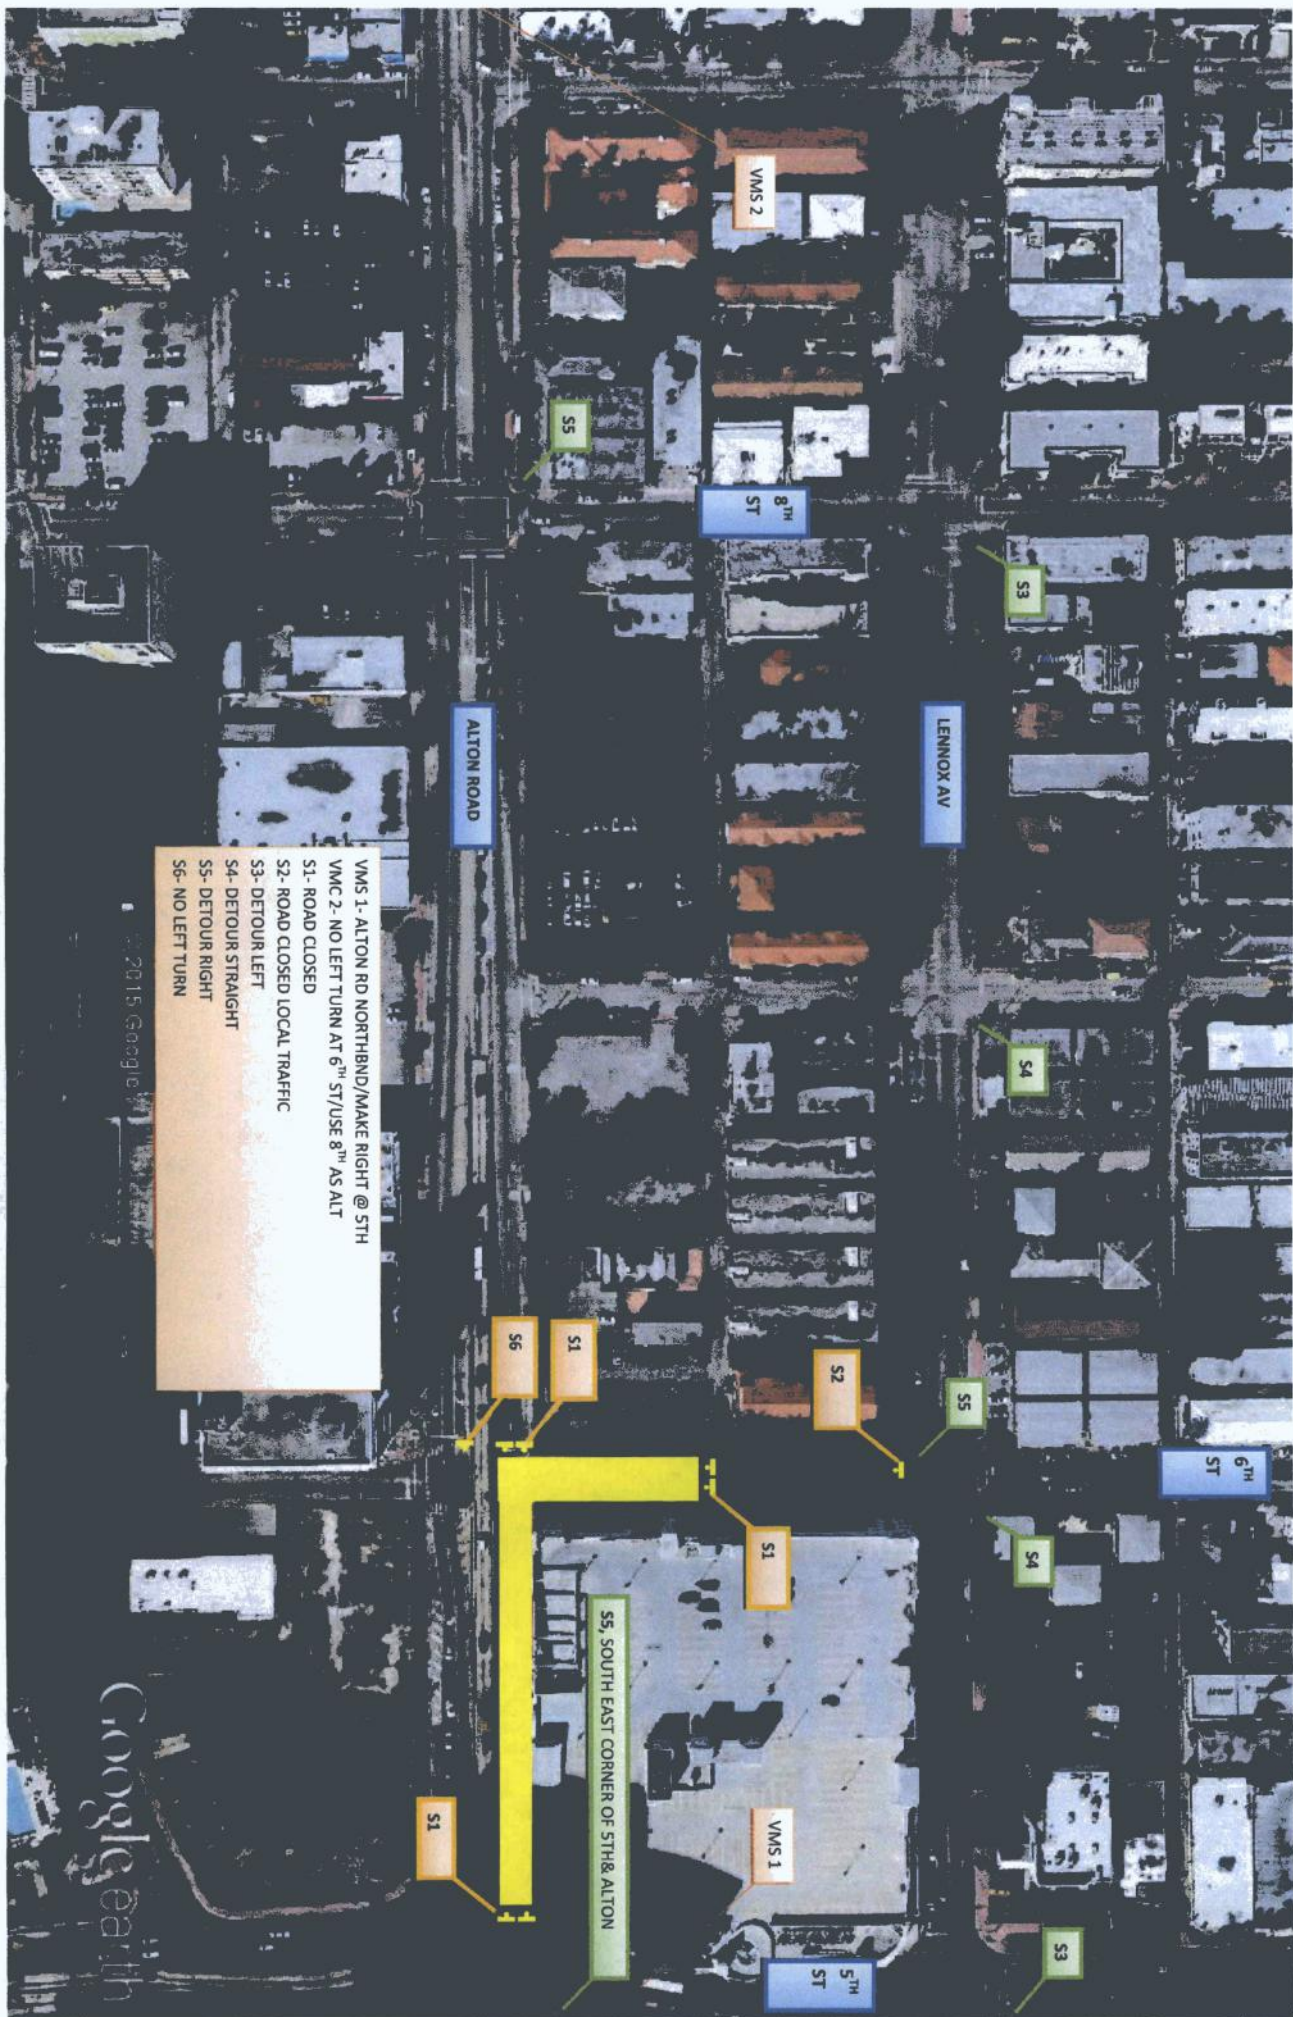

Variable Message Signs (VMS) and detour signs will be placed by FDOT at key locations in order to inform motorists of the alternative routes to be used.

For more information, please contact Project Engineer, Enrique Tamayo P.E., at (305) 534-5330, or Public Information Officer Heather Leslie at (305) 905-5876, [heather@hmlpublicoutreach.com](mailto:heather@hmlpublicoutreach.com).
